

Blow Molding Equipment Grants

Blow Molding Equipment Grant funds are available to educational institutions seeking funding for the purchase of blow molding equipment or educational resources pertaining to blow molding. Eligible items include machinery, tooling, auxiliary equipment, instrumentation, controls, finishing equipment, software, and training or educational modules. Grants are available up to \$4,000.

Grant Proposal Process

To apply for a Blow Molding Equipment Grant, you must complete a Blow Molding Grant Application Cover Sheet (see Page 11) and return it with your proposal. The application must indicate a specific amount for a specific piece of equipment and be submitted prior to the purchase of that equipment. The source of matching funds must be identified. A clear statement about the use of the equipment must be included.

Applications are reviewed three times per year. Deadlines are January 1st, April 1st and August 1st.

Questions about the Blow Molding Equipment Grant application process can be directed to The SPE Foundation. Call +1 203-740-5447 or email foundation@4spe.org.
