

# MEDICAL PLASTICS MiniTec

Zlin, Czech Republic • October 18-19, 2023  
*Presented by SPE European Medical Polymers Division*

---

## Emerging Trends in Medical Plastics

*Designs & Materials for Next Generation &  
Medical Devices & Drug Delivery Systems*

**Organized by University Institute, Centre of Polymer Systems (U17)  
Tomas Bata University in Zlin, Czech Republic**

### SPONSORSHIP OPPORTUNITIES

---

The University Institute, Centre of Polymer Systems at Tomas Bata University is organizing its inaugural MiniTec. This technical seminar will focus on polymers for medical devices. This will be held in Zlin, Czech Republic on October 18–19, 2023. The preliminary program can be found at [Medical Plastics MiniTec Zlin–2023](#).

There are opportunities to expand your impact and network at the event through sponsoring options. The MiniTec is expecting over 50 attendees in key roles at medical device manufacturers and suppliers. The benefits of sponsoring include:

- Education and exposure to the latest technology in MedTech design, manufacturing, packaging, and sustainability
- Access to all papers and presentations post show
- Networking opportunities with peers and colleagues from medical device OEMs, part designers, plastics engineers, material suppliers, instrumentation and equipment suppliers, and more

The sponsorship options below will be limited to the first 10 organizations that apply.

**Platinum (€2,500):** Tabletop display or booth availability, 2 free passes for the MiniTec (valued at €1300) Pre-show list of attendees, Networking coach during happy hour (e.g., One of the Medical Plastics Division team members assigned to introduce a person from their company to 3 key contacts identified from the pre-show list of attendees), Large format/top billing name recognition on banners and from the podium, 5 minute sales pitch at start of one of the sessions, Full-page advertisement

in SPE–Medical Plastics Division newsletter, valued at €1,500), Sponsor recognition on the Medical Plastics Divisions LinkedIn page.

**Gold (€1,500):** Tabletop display or booth availability, 1 pass to MiniTec for 2 days (valued at €650), Pre–show list of attendees, Medium format name recognition on banners and from the podium, Half–page advertisement in SPE–Medical Plastics Division newsletter (valued at €850), Sponsor recognition on the Medical Plastics Divisions LinkedIn page.

**Silver (€1,000):** 1 pass to MiniTec for two days, (valued at €650), Small format name recognition on banners and from the podium, Quarter–page advertisement in SPE–Medical Plastics Division newsletter (valued at €450), Sponsor recognition on the Medical Plastics Divisions LinkedIn page.

**Bronze (€500):** Small format name recognition on banners and from the podium, Eighth–page advertisement in SPE–Medical Plastics Division newsletter (valued at €250), Sponsor recognition on the Medical Plastics Divisions LinkedIn page.

*The MiniTec is the European Medical Polymers Division’s flagship event. The funds for sponsoring are used to help cover overhead costs and expenses. In addition, a portion of the funds to support individuals pursuing education in plastics technology.*

---

Interested Sponsors should contact Chris Konitzer by phone at (847) 257–2865 or by email at [Christopher.Konitzer@Avient.com](mailto:Christopher.Konitzer@Avient.com) for details.
