

The **FOAMS® 2024 conference** will be held on September 19 and 20, 2024 in King of Prussia, PA, USA. The annual international conference, co-sponsored by the TPM&F division and Palisades-MidAtlantic section of the **Society of Plastics Engineers**, is the premier forum related to new developments in foaming technologies. The conference will be preceded by tutorials on foam technology and applications on September 17-18.

Please send a title and a 100-150 words abstract of your paper, with full contact information to **Dr. Stéphane Costeux** (stephane.costeux@dupont.com) before **June 17, 2024**. Earlier submissions will be given priority for acceptance into the technical program.

Papers from academia and industry are invited on the following topics:

- Advances in Foam Materials, Processing or Applications
- Micro/Nanocellular Foams & Future Trends
- Foam composites for automotive or aerospace
- Crosslinked / Thermoset Foams
- Health, hygiene and food applications
- Sustainable & Bio-based foams, circularity
- Lightweight protective or insulating foams

Conference co-chairs:

Mark Lavach, Arkema
Stéphane Costeux, DuPont

Technical Program:

Dr Stéphane Costeux, DuPont
Prof Shu-Kai Yeh, NTUST

FOAMS Tutorials:

Prof Chul B. Park, U. Toronto
