

Dan Jones

Staff Engineer, GEON Performance Solutions

Dan Jones is a Staff Engineer at GEON Performance Solutions with 25 years of experience in the plastics industry. He graduated from the University of Detroit-Mercy with a bachelors of Mechanical Engineering.

Prior to joining GEON, Dan served as a Polymer Engineer for four years at General Motors. Before moving to GM, Dan was a Technical Service Consultant with DuPont Performance Materials where he worked with customers to develop new automotive and non-auto products.

Dan has always been fascinated by the way various plastics technologies have evolved and is always looking for new ways plastics can enhance new and existing applications.
