

THANK YOU!

Dear Mrs. Margie,
Thank you for coming
all the way from Connecticut
down here to South Carolina
just to give us a fun
and exciting science
experiment. It was great!!!
I had a lot of fun!

I also learned a lot.
I learned how to make
goo, how to put a shishkabob
through a balloon, (although
my balloon popped), and
a lot about plastic. I enjoy
learning new things.
Thank you, very, very,
very, much!

Its a bear ↴

Sincerely, Lauren
