32nd Annual Blow Molding Conference

Crowne Plaza Atlanta
Perimeter at Ravinia
October 3-5, 2016
http://www.blowmoldingdivision.org/conferences/conference-2016/

Technical sessions offering topics on markets, materials sustainability, latest technologies, and a glimpse into the future of Blow molding.

Over 50 exhibitors displaying the latest technology and innovations.

You can’t afford to miss this one!!!
Dear SPE Members, Colleagues and Friends,

Welcome to the Spring/Summer edition of the SPE Blow Molding Division Newsletter.

Our Division took honors in the “SPE Plastics for Life Global Parts Competition” held at the recent ANTEC 2016 held May 23-25 in Indianapolis—an event that encompassed the latest technologies, processes, resins and trends around the plastics industry. This year’s competition included entries from all SPE divisions, including five from the Blow Molding Division. Two of the six entries from our Division received top honors. You can see these submissions in the newsletter. I hope you’ll join with us in congratulating all the entrants!

Conferences like ANTEC and our own Annual Blow Molding Conference offer a wonderful insight into the industry by showing us the latest innovations and advancements in the blow molding technologies, educational opportunities and industry contacts. Blow molding is a unique process offering many challenges and future opportunities with high technology requirements. Blow molded products are, and will remain, a part of everyday life in packaging, automotive, medical and industrial applications. We invite you to attend these events and welcome your contributions and ideas for new developments toward future successes.

We would also like to acknowledge our educational sponsors that help support various educational activities. Many thanks go out to the following current sponsors for their continued support:

Kautex Maschinenbau GmbH
ALPLA
CKS Packaging
Nissei ASB Company
W. Müller USA, Inc.
Agri-Industrial Plastics Company
Ring Container
INEOS Olefins & Polymers, USA

Our 2016 Division Sponsors help make many of our Division objectives a reality. Through the financial support of our Diamond and Platinum Sponsors, whose company advertisements you see here in this newsletter and on our sponsor webpage, we are able to provide educational grants to students—the next generation of blow molding professionals and make it possible for them to attend the Annual Blow Molding Conferences. Last year, over 20 students attend ABC 2015 in Pittsburgh. Among them were several scholarship recipients and winners of the Division Student Design Competition. Our continued and sincere thanks to our sponsors for their generous support!

With an eye toward improving ways we can deliver news about the Division, our conferences and resources to the industry, our web committee has continued to make progress in modernizing our website, providing current information and improving the overall functionality of our webpages. I invite you to visit our website for current information about ABC 2016, our Division sponsors, how to submit entries to the Annual Parts Competition, and more. Visit www.blowmoldingdivision.org today!

And finally, our Annual Blow Molding Conference (ABC) will be held in Atlanta, Georgia, Oct. 3-5, at the Crowne Plaza Atlanta Perimeter at Ravinia. You’ll find a preliminary program of speakers and topics in this newsletter as well a diagram of our nearly sold out exhibit hall!

I would like to add that we continue to appreciate your support to further educate and promote blow molding as a career path. We also appreciate your input regarding our conference program and your recommendations to help us deliver an insightful, informative event.

We always welcome technical reviews and educational articles as part of our Division newsletters that can be shared with our blow molding community. If you have questions about submitting an article, becoming a Division sponsor, or you simply need information about the ABC, please contact our Division Coordinator, Deirdre Turner at deirdreemturner@gmail.com or call (248) 505-5136.

On behalf of the Blow Molding Division, I look forward to seeing you in Atlanta at ABC 2016!

Regards,

Jamie Pace
SPE Blow Molding Division Chair
When it comes to PET Resin, DAK Americas® has just what you are looking for:...Innovative PET Resins from pioneering research and development, state-of-the-art technologies and market know-how. All from one of the largest producers of PET Resins worldwide. DAK Americas’ broad line of LASER+® PET Resins give you exceptional flexibility in meeting your design and production goals. From trade leading products and technical service to recycling, to sustainable raw materials, we continue to demonstrate not just our record of innovation, but our steadfast commitment to you and to the industry. Today, tomorrow, and well into the future...DAK Americas.
AHEAD of the CURVE

- PET for extrusion blow molding
- Excellent clarity for high-gloss containers with handles
- APR recognized for recycling with clear PET

Conference Speakers and Topics

Visit:  http://www.blowmoldingdivision.org/conferences/conference-2016-2/

Plenary Session Speakers

Resin Market Update: The Impact of New Capacity! Joel Morales, Director of Polyolefins for North America, IHS Chemical

PET Packaging: The Dynamics of a Maturing Industry, John Maddox, President, SBAcci

Millenials—What’s Going on in There? - A Panel Discussion, Dennis Gros, President, Gros Executive Recruiters

Sustainability, Ocean waste, Recycling, etc., Rudy Underwood, Vice President of State Affairs and Political Mobilization, American Chemistry Council

Featured Presentations Offered: (Packaging, Industrial and Materials)

Engineered Automation Solutions for Packaging / Blow Mold Industry, Siva Krish, Sales Manager, Proco Machinery, Inc.

Panel Discussion on Advancements in Secondary Automation and Manufacturing
John Lambert, Sales Manager, INTRAVIS, Inc., Scott Heins, Director of Sales & Marketing, Air Logic Power Systems LLC, Speaker from Dyco

High Output Extrusion PET – Bekum America Corporation

Innovations in Printing and Additive Manufacturing, Jim Bednar, Business Development Manager, Rapid Prototype & Manufacturing

Foaming Technology for Blow Molding, Simon Dominey, Vice President, MuCell Extrusion

What it Means to Be Sustainable and How to Get There, John Standish, Technical Director, Association of Postconsumer Plastic Recyclers

Increased Recycled PE Content While Maintaining Quality (Going Green Without the Pain), Chris Ernst, President, Advanced Blending Technologies

Plastic Fuel Tank Deformation in the Post Blow Molding Phase: Warpage and Shrinkage Tolerance Issue
Dr. Mohammad Usman, Analytical Product Engineering PowerTrain Installations, Ford Motor Company

Mechanical Properties of Trilayer Foam Blow Molded Containers in Comparison to Solid Wall Containers
Wolfgang Meyer, President, W. Muller USA, Inc.

Foaming Agents for Blow Molding, Sergey Bobrov, Senior Scientist, PCLY-WERK, LLC

Applications in Foaming Technology: A Case Study, Jodok Schaeffer, General Manager, Alpia

Software to Predict Parison and Sheet Formation in Industrial Extrusion Blow Molding Processes – Automotive Case Studies
Dr. Zohir Benrabah, Anna Bardetti, National Research Council Canada – Automotive and Surface Transportation

New Innovations on the Machine Side of 3D Printing, Jay Long, Event Marketing Manager, Stratasys

Electric vs. Hydraulic Machines, Eberhard Beck, Design Manager, Hesta Blasformtechnik GmbH

Minimizing the Energy Costs Associated with Drying PET, Peter Stoughton, Owner, Stoughton Drying Services

Composite Tank Manufacturing, Chuck Hammer, VP Sales NA, Kautex Machines, Inc.
Speakers and Topics Cont.

What’s Next in FEA and Simulation?, Romil Tanov, Technical Expert, Dassault Systemes Simulia Corp

Simulation and Modeling Topic TBD, Sumit Mukherjee, Director of CAE and Simulation, Plastic Technologies, Inc.

Can XCT-CMM Technology Benefit the Blow Molding Industry?, Kevin Legacy, CT Product Manager, ZEISS Group

Useful Tools for Productivity Improvement
Steve Schroeder, Global Business Manager-Plastics, Eurotherm by Schneider Electric

Life is On
Want the real secret to bottle light weighting?

**Process Pilot®** automated blowmolder control system can make the difference between a modest attempt at light weighting and a truly successful program. Process Pilot works with your blowmolder to continually monitor and maintain material distribution on every bottle to an unmatched degree of accuracy. Featuring automatic adjustment and 24/7 control, Process Pilot can facilitate even the most aggressive light weighting program while ensuring the highest quality and performance!

Not convinced? Contact us to set up a trial and experience the difference.

The Blow Molding Division of the Society of Plastics Engineers and Graham Engineering Corporation co-sponsor a program for continuing education of blow molding industry workers. By making financial resources available to Blow Molding Division member companies, this program will assist more people in obtaining continued education in blow molding and improve their job-related skills.

Up to $600 per person is available to attend an SPE Blow Molding Conference, an SPE Seminar in Blow Molding, or other program applicable to blow molding.

Eligibility Criteria:

1. The employee must be a full-time employee of one of our member companies (having at least one current member of the SPE Blow Molding Division).
2. The employee’s job function must be blow molding related.
3. The employee’s academic training must not be higher than Associate Degree.
4. The employee must have company recommendation and support.
5. Costs exceeding $600 will be the responsibility of the employee or employer.

How to enroll:

1. Submit a request to the Blow Molding Division at the following address:
   Agri Industrial Plastics
   Attn: Geoff Ward
   301 N. 2nd St
   Fairfield, IA 52556
   geoff.ward@aipcompany.com
2. Include a letter of support from your company.
3. You will be notified of acceptance before the event that you wish to attend.
See Your True Colors in No Time.

Five entries from the ABC 2015 Blow Molded Parts Competition were submitted to the SPE® Plastics for Life™ Global Parts Competition at ANTEC® 2016

The Blow Molding Division won two of the six awards this year!

Congratulations to FGH/Veriblend and Bekum America Corporation/Carson Jones/SureCan for winning the Plastics for Life Global Parts Competition Awards.

Eric Hohmann accepted the Plastics for Life Award in the Quality of Life Category for the Variblend 30ML Dispensing Bottle.

Bekum America Corporation and Carson Jones, SureCan entered the 2.2 Gallon gas can and were awarded the People’s Choice Award.
The other entries from the Division included:

Big Daddy Decoys – Drake & Hen Mallard
Submitted by: Andrew Hobson, Hawkeye Preferred Tooling Group

John Deere Left & Right Hand Backhoe Fender
Submitted by: Ken Carter, John Deere

Replenish 3 oz Pod
Submitted by: Eric Hohmann, FGH Systems Inc.
Gaining completely new insights and more valid results.

ZEISS METROTOM

3D X-Ray Measurements for Quality Assurance

With a industrial CT system from ZEISS, measuring and inspection jobs can be done with only one X-ray scan. The standard acceptance test, the precision engineering and the sophisticated calibration process ensure traceability. Linear guideways and a rotary table meet customers’ highest demands for precision.

Executive Committee (met from 7:00 – 8:30 am)
Attendees: Ben Lopez, Dr. Geoff Ward, Jamie Pace, Cal Becker, Dr. Surendra Agarwal, Scott Steele, Ron Puvak, George Hurden

Topics Discussed:
- Ben L. to move accounts from Charles Schwab to Wells Fargo and take advantage of electronic payments, etc.
- Upcoming vote for ABM Rashid and Pat O’Connell (need Pat’s paperwork)

A.I. Ben to put together milestones/timeline for Treasurer transition.

Board of Director’s General Session Meeting January 27, 2016

Call to order at 8:40 am

BOD Members present: Ben Lopez, Gary Carr, Dr. Geoff Ward, Lew Ferguson, George Hurden, Jamie Pace, Cal Becker, Dr Surendra Agarwal, Dale Klaus, Ron Puvak, Scott Steele, George Rollend, Pat O’Connell, ABM Rashid, John Headrick, Don Maines, Rama Etekallapalli and Ken Carter
BOD Members Excused: Mohammad Usman, Brian Spence, David Hayward, Kathy Birchmeier, Mark Heitker, John Rathman and Henry Vogel
Board Candidates/Visitors: Pat O’Connell, ABM Rashid and Deirdre Turner, Program Coordinator

Introductions & Welcome to the BOD – Jamie Pace
1. Welcomed all Board Members
2. Reviewed SPE Meeting Anti-Trust Guidelines
3. Welcomed board candidates

BOD Agenda / Motions
1. A Motion to accept the minutes of the last meeting was made by Ron Puvak, 2nd by Don Maines unanimous approval by Board majority.
2. A Motion to accept board candidates ABM Rashid and Pat O’Connell to the D30 Board of Directors by Ben Lopez, 2nd by George Hurden, unanimous approval by Board majority.

Treasurers report – Ben Lopez
1. Reviewed the treasurers report
   - A motion to approve the Treasurers report with correction was made by Ron Puvak, 2nd by Cal Becker, approved by BOD majority

Marketing Review/Report - Information Provided By George Rollend
1. Reviewed the Marketing report
   a. Membership is down - membership is not a requirement to attend ABC
   b. BOD members must be SPE members in good standing
   c. Discussion about value of SPE membership

A.I. Henry Vogel to check with SPE for “Board Rate” for membership fee.
A.I. Henry Vogel to provide Deirdre with contact info. on lapsed members for follow up

Website Committee:
1. Move Google Drive records to website & close Google Drive account.

A.I. Ron Puvak to look into having individual log-ins for website.
   - A motion to approve the Marketing report was made by Cal Becker, 2nd Scott Steele, all in favor.
TPC Committee-Dr. Surendra Agarwal
1. Reviewed the TPC report
   a. Rama Etekallapalli replaces Kathy Birchmeier for Antec Co-Chair
   • A motion to approve the TPC report by Ken Carter
   2nd, George Hurden approved by BOD majority

A.I. Ken Carter to follow up with Antec Papers & BOD meeting rooms.

Education Committee – Dr. Geoff Ward
1. Reviewed the Education report
   • A motion to reimburse Lew Ferguson for $250.00 in personal cash spent for parts competition was made by Dr. Surendra Agarwal, 2nd by Gary Carr. All in favor.

A.I. Ben Lopez to reimburse Lew Ferguson $250.00
   • A motion to approve the Education Report without revision by Dr. Surendra Agarwal, 2nd by Rama Etekallapalli approved by BOD majority

New Business
1. Discussion to expand Emeritus Status Membership to limit (6). Ben Lopez
   • A motion was made by Ben Lopez to increase Emeritus Membership to (6), 2nd by Don Maines, all in favor.

A.I. Ben Lopez to update policy manual.
2. Discussion by Ron Puvak regarding status of Strategic Planning.
3. Scott Steele discussed information from SPE (Russell) regarding data on education, training, SPE programs and website.

ADJOURNMENT:
1/27/16 11:52 a.m. Motion to adjourn by Dr. Surendra Agarwal, 2nd by Rama Etekallapalli Approved by BOD

**BlowView**, the world’s only software for twin-sheet blow molding from start to finish.

Major manufacturers all across the globe use BlowView to design and produce a wide variety of complex blow molded products, such as fuel tanks.

Join NRC experts at **booth 47** for a BlowView software demo.
The Global Advantage™ in Blow Molding

Whether your company makes automotive parts, packaging or consumer products, Davis-Standard’s custom designed industrial blow molding machinery is built for productivity. Versatile accumulator head systems offer shot-to-shot consistency, cycle-to-cycle precision, and excellent parison control for both polyolefins and engineered thermoplastics.

As an added benefit, Davis-Standard’s Extrusion Technical Service Group can upgrade and refurbish all makes and models of single screw continuous blow molding extruders. This includes replacement screws, process improvements, mechanical and electrical upgrades.

**How can we help you?**

- Versatile, custom designed accumulator head blow molding systems
- Closed loop hydraulic and electronic controls
- State-of-the-art screw designs
- Retrofits and rebuilds
- Spiral head technology
- 24/7 customer service

Contact us today to learn how Davis-Standard’s Global Advantage™ can support your blow molding objectives.
ABC 2016 Blow Molded Parts Competition
Entry Form

Entry Deadline: September 24, 2016
Shipment Deadline: October 1, 2016

As the premier event for the blow molding industry, the Annual Blow Molding Conference showcases the latest advancements and innovations in blow molding design and applications. This year, the SPE Blow Molding Division invites all conference attendees, speakers and sponsors to participate in the Third Annual Blow Molded Parts Competition.

Product Entry Submission Form

Submitter / Attendee*: ________________________________________________________________

Submitter Company Information*: _____________________________________________________

Part Name*: _______________________________________________________________________

Shipping Information:

SPE Blow Mold Conference
PART COMPETITION
Crowne Plaza Atlanta Perimeter at Revinia
4355 Ashford-Dunwoody Road
Atlanta, GA 30346
Tel: (770) 395-7700

Parts should be shipped no more than 2 business days in advance of event. Shipments will be delivered to the conference registration area outside of the exhibit hall. Each entry should be shipped with a completed return bill of lading form.

Submission Instructions:

Complete form on-line, save as pdf and return to:
parisonsblowmolding@gmail.com

- Submission form
- Display and judging information form
- Product image in a jpg format

The image and description should be suitable for publication. A separate entry form, description and photo will be required for each submission.

Contact: Lew Ferguson, Chair, Blow Molded Parts Competition
Email: parisonsblowmolding@gmail.com Tel: 313-506-4637
ABC 2015

BLOW MOLDED PARTS COMPETITION
DISPLAY AND JUDGING FORM

Part Name:

Submitter / Company:

Part Description
[1 to 3 sentences]

Part Features / Benefits:
[include novel features of the part like, design, manufacturing, material application, parts consolidation, commercial implications, sustainability, safety, cost savings – up to 12 bullet points]

Photo of the Part:
► Please send a JPEG picture of the part as a separate file.
ABC 2016 Blow Molded Parts Competition Guidelines

1. Parts may be entered by any conference attendee, speaker or sponsor (up to two parts per participant)

2. All entries must include a plastic form utilizing the blow molding process in some portion of the product.

3. All submissions must be new to the market starting commercial production within the last two years and made from production tooling.

4. Parts must be able to fit on display table. If you wish to display a part large than 48 inches, please contact Lew Ferguson, parts Competition Chair at parisonsblowmolding@gmail.com to discuss.

5. A completed entry form, display and judging information form and a photo for each part must be sent to the Parts Competition Chair by September 24, 2016.

6. A Display Form will be provided by the Parts Competition Committee using information contained in the entry form.

7. The Judging Committee may consolidate parts in categories, if fewer than 4 parts are submitted in a category.

8. No electric power connections are provided. If needed, power may be arranged through the hotel by contacting meeting services at (770) 395-7700.

9. No business cards, marketing materials, laptop presentations, etc. may accompany the part in the display area. The display is intended to be an exhibit to encourage discussions and technology exchange. No sales or marketing activities in this area will be permitted; however, there are conference sponsor opportunities to do so (visit www.blowmoldingdivision.org)

10. All shipments must follow the mailing label format as indicated in Shipping Information on the application.

11. Submitters will be responsible for collecting, unpacking and setting up their parts in the Parts Competition area located outside the ABC 2016 Exhibit Hall. Set-up hours are Mon., Oct. 3rd from 8:00-5:00 p.m. All displays should be set-up by 5:00 p.m. on Oct. 3rd. For more information about shipping and retrieving your parts, please contact Shipping and Receiving at (770) 395-7700.

12. Submitters will be required to pack and prepare their parts for outgoing shipment by 5:00 p.m., Wed., Oct. 5th which marks the conclusion of the Blow Molding Conference. The SPE Blow Molding Division is not responsible for any unclaimed parts after ABC 2016 concludes.

13. The Blow Molding Division winners will be announced at ABC 2016 Awards Reception and Program on Tuesday, Oct 4th at the Crowne Plaza Atlanta Perimeter at Ravinia.

RELEASE OF LIABILITY
Submission of an entry releases from liability, indemnifies and holds harmless the Society of Plastics Engineers Blow Molding Division, Directors, volunteers, employees or agents representing or related to The Society in part or whole. This release is for any and all liability for property losses and/or damage occasioned by, or in connection with any activity or accommodations for this event. Submission of an entry further agrees to abide by all the rules and regulations promulgated by the SPE Blow Molding Division and/or its affiliate groups or vendors throughout this conference event.

RELEASE OF PUBLISH
Submiters and individual category winners may receive publicity in trade journals or other publications. Submission of an entry constitutes acceptance of said publicity and confirms that the submitter has secured the necessary approvals to participate in the Blow Molded Parts Competition and to be featured in any subsequent publicity.
MY WORK IS A STORY OF SAFETY.

Christoph
Product Specialist

I help keep children safe. The instruments I develop ensure that our customers keep lead out of our kids’ toys. Our instruments also contribute to identifying impurities in drinking water, hazardous elements in cosmetics and many other important applications.

If you’re looking for clues to your future, you’ll discover that, at Thermo Fisher Scientific, each one of our 50,000 extraordinary minds has a unique story to tell. And we all contribute to a singular mission—enabling our customers to make the world healthier, cleaner and safer.

No other company can match our range of customer touch points—technologically, geographically or commercially. We help customers in finding cures for cancer, protecting the environment, making sure our food is safe and moving forward with thousands of important projects that improve millions of lives.

Explore our Featured Positions:
Senior Mechanical Design Engineer - 24423BR
Principal Engineer Injection Blow Molding - 22694BR
Senior Process Development Engineer, Injection Molding - 22106BR

When you join us, you’ll be able to focus on the most interesting engineering tasks. One of the unique aspects of our Product Development Department is that we provide a wide range of plastic materials, sizes and container types. As a part of our team, you’ll have the opportunity to learn a wide range of technologies, and you can help us bring new technology and engineering methods to a growing business.

We offer both a technical career ladder and management career ladder in engineering, so you can build your career by taking on progressively more challenging technical roles, or move into areas like project management or functional management without leaving engineering.

Explore our opportunities at jobs.thermofisher.com and join our team.
mini-WTC 19"

The easiest, elegant and most compact solution when it comes to replacing outdated or irreparable 19" parison programmers.

Advantages of the mini-WTC 19":
- Two separate profile channels
- 100 set points (400 interpolated)
- 100 marker points
- Graphic display of actual positions
- Tolerance monitoring
- Parison length control
- Recipe management
- Language selectable

©2016 SPE Blow Molding Division
Why should you become a Division sponsor?

- Sponsorship provides educational grants to students - the next generation of blow molding professionals and provides support to attend the Annual Blow Molding Conferences.

- As a sponsor, you highlight your company’s profile at the ABC while supporting the Division.

- Sponsors help recruit new members to the Division and support the Annual Blow Molding Conference.

What’s in it for you?

- You will increase exposure and brand awareness by showcasing your company’s products and services.

- You will meet face-to-face and shake hands with your customers, decision makers, prospects and competitors.

- You will cultivate relationships and partnerships at the only event solely for the blow molding industry.

- You will have direct access to high profile industry leaders who are impacting the future of the industry.

Call or email Deirdre Turner, Conference Coordinator at: (248) 505-5136 or deirdre.m.turner@gmail.com for information about sponsorship opportunities.
