

Applied Rheology Division Pre-ANTEC Newsletter, March 2019

Chair's Message

I would like to invite you to attend our Applied Rheology Division sessions and events at ANTEC 2019 (March 18-21). In the three technical sessions on Monday (whole day) and Tuesday (morning), you will find 16 presentations covering theories, experiments and simulations of many problems directly applicable for our fellow plastic engineers. In addition, there is a **Special Reception** at 6:00 pm – 8:00 pm on Tuesday, Mar 19 at Brule Room in Marriott where you can chat with your colleagues in person. See you in Detroit!

-- Tieqi Li

Sessions

Session I Mon 9:00 AM – Noon
Session II Mon 2:00 PM – 4:30 PM
Session III Tues 9:00 AM – 11:30 AM

Invited Talks

“Strain hardening in polymer melts, solutions, and glasses”

(Monday 9:00 AM) Prof. Ronald Larson

“Lubricated two-phase flow of rubber-filled thermoplastic melts through dies”

(Tues. 9:00 AM) Prof. Krishnamurthy Jayaraman

Special Thanks

Dr. Kurt Koppi from The Dow Chemical Company, Technical Program Chair, for organizing the sessions, and the entire Board for working diligently behind the scenes

TA INSTRUMENTS

Myung Kim Extrusion

for sponsoring the BEST PAPER AWARD

GOETTERT Inc.

for sponsoring the Division Reception

Other Events

Next international conference 'Novel Trends in Rheology VIII' will be held in Zlín, Czech Republic, July 30 – 31, 2019: <http://noveltrends8.ft.utb.cz/home.html>

The report from the 2017 NTR VII conference is available at:

http://noveltrends8.ft.utb.cz/files/2017/ApplRheol_27-5_51_Report_NTR7.pdf

The conference is organized by the Polymer Centre, Faculty of Technology, Tomas Bata University in Zlín in cooperation with the Applied Rheology Division of SPE and the Czech Group of Rheology. For more information, please contact with Prof. Martin Zatloukal at mzatloukal@utb.cz.

Questions

For any questions/suggestions or sponsorship opportunities, please contact Dr. Tieqi Li, the Division Chair, at tieqili@ftpc.fpcusa.com.
