TARAHOMI ELECTED AS COUNCILOR

Sassan Tarahomi was elected by a majority of the Detroit Section members by e-ballot as the Councilor for the Detroit Section. He will attend the International Council of the Society of Plastics Engineers as our representative for the next three years, at which time he can be nominated for a second three-year term. Sandra McClelland served as our Councilor for the allowed maximum 6 years and did an outstanding job of keeping the Society aware of our unique activities as well as keeping us informed on things happening at the home office.
